

CHOOSE YOUR RATE

At Studio Métal, everyone is free to choose their contribution based on their means and the nature of their project. No proof or supporting documents are required.

1 SESSION = 4 HOURS

SOLIDARITY RATE

20-40€

For people in financially precarious situations, or for anyone who would otherwise struggle to afford studio hire.

STANDARD RATE

40-60€

Our standard rate, particularly when the studio is being used as part of paid work.

SUPPORTER RATE

60-80€

For people who are able to contribute more towards the space, groups sharing the cost, and better-funded projects.

POLITICAL RATE

0€

For certain activist practices: political storytelling, workshops held in non-mixed or safer spaces, pirate radio, socially or politically engaged content, etc. Please discuss this with the team beforehand.

Higher contributions help people in more precarious situations and activist projects access the studio at a lower cost.

PROFESSIONAL PROJECTS / PRODUCTIONS

Different rates apply to projects supported by an organisation, receiving public funding or working with a production budget.
